PROFESSIONAL SUMMARY

Information Technology undergraduate with experience in Software Development, Web Development, and AI applications through internships and academic projects.

EDUCATION

- **V.S.B Engineering College** Karur, India
Bachelor of Technology - Information Technology; CGPA: 6.98 (Current) 2023 - 2027
- **Municipal Hr. Sec. School** Karur, India
HSC - Higher Secondary - 60% 2022 - 2023

SKILLS SUMMARY

- **Programming:** Java, Python.
- **Web Technologies:** HTML, CSS.
- **Development:** Web Development, AI Application Development.
- **Database:** MongoDB Atlas.

INTERNSHIP EXPERIENCE

- **Infosys Springboard** Online
Internship 6.0 (B2) - AI Chatbot Development 04 Sep 2025 - 07 Nov 2025
 - Developed WellBot, an AI wellness chatbot using Python and Streamlit.
 - Implemented multilingual NLP support and JWT authentication.
 - Deployed the application using Docker.
- **Combat Vehicles Research & Development Establishment (CVRDE)** DRDO, Chennai
Web Development Intern 01 Jan 2025 - 31 Jan 2025
 - Worked on web development using HTML, CSS, and JavaScript.
 - Gained industry exposure in a defense research environment.

PROJECTS

- **LifeLink — Emergency Blood Donor Network**
AI-Assisted Web Application
 - Developed a real-time platform connecting blood donors with patients during emergencies.
 - Implemented donor search, request management, and secure user authentication features.
- **QuickDrop — Hyperlocal Instant Delivery Platform**
AI-Assisted Web Application
 - Developed a platform connecting customers with nearby riders for instant package delivery.
 - Implemented order management, delivery tracking, and user authentication features.
- **Global Wellness Chatbot (WellBot)** Internship Project
Python, Streamlit, Docker
 - Built an AI wellness chatbot for symptom analysis and multilingual user interaction.
 - Integrated secure authentication, deployment, and analytics features for enhanced usability.

PUBLICATIONS

- **IEEE Conference Publication:** Published research paper titled "Personalized Music Experience Through Emotion Recognition with Deep Neural Networks" (2025)

CERTIFICATIONS

- **NPTEL:** Cloud Computing Certification (55%) (Jan - Apr 2026)
- **NPTEL:** Programming In Java - Elite Certification (64%) (Feb - May 2025)
- **Infosys Springboard:** Internship 6.0 (B2) Certification - Global Wellness Assistant Chatbot
- **DRDO - CVRDE:** Internship Certification in Web Development and Networking (Jan 2025)
- **Infosys Springboard:** Java Foundation Certification (Sep 2024)
- **Infosys Springboard:** Python Foundation Certification (Jul 2024)
